

2022 Women's Level 10 National Championships

Training Day Schedule

Friday, May 13, 2022

1. To allow enough time for the Wildcard session Friday night, all regional training times will overlap 30 minutes.
2. Open stretch is allowed in the designated competition gym for the first regional training group only.
 - All other regional training groups will open stretch on the carpet bonded foam area to allow the previous training group to finish their time on the competition equipment.
3. Each region will be split into eight groups (four JR, four SR) and will be assigned four events in each of the competitive gyms. Each gym contains two sets of apparatus. Athletes will train on the apparatus on which they will compete.
4. Approximately 10-12 athletes per group with 30-minute rotations on each event.
5. Check with your Regional Administrative or Dev Chairperson for first and second alternate training options.
